

To Automobile Owners

Several days ago I started an exceptional sale on my entire stock of Goodrich and Brunswick tires at a discount of 12½%. There is no reduction in prices on the part of the manufacturers. It is my own offer. My stock of these tires includes only high grade firsts—there are no defective tires in the lot. Every tire carries the full guarantee of the manufacturer. Good tires can be depended upon and I will absolutely not handle tires that are not A-No-1.

This 12½% deduction has proven very popular with many car owners. The sale continues until May 15. So decide right now to take advantage of my offer.

PASTORS URGE RELIEF SAVING

Madison Clergymen to Appeal for Aid From Pulpits Tomorrow

Sunday schools and churches in Madison and throughout the state will make contributions Sunday for the China famine sufferers. The China Famine week campaign starting Sunday will continue through Sunday May 8. In the Madison churches special envelopes will be used. From many pulpits will be urged to provide an inexpensive Sunday dinner and to devote the amount so used to the famine fund. They are also urged to eliminate one course from each meal during the week for the same purpose.

All funds contributed through the Wisconsin committee will be expended by the American Committee of the China Famine Relief in the areas not reached by any other agencies, and do not go to the Red Cross. The American Red Cross, which has appropriated \$1,000,000 is using it to relieve only a part of one province (Shantung). This indicates the vastness of the problem of famine relief. All other afflicted sections are being helped through the American committee, of which the Wisconsin organizations is a part.

"Send what you spend one day to China," is State Chairman Mead's reiteration to Wisconsin people as a reasonable way of helping in this work. Many of the famine victims, he says, have reached their last resources and unless sustained until harvest and are strong at that time they will be unable to harvest the crop and support themselves through the summer.

Some Rotary clubs are eating bread and milk, for which they pay 25 cents. The excess 50 cents is given to the China famine fund. Two hundred sixty Boy Scouts in a West Virginia town pledged themselves to go without breakfast, dinner or supper for one or several days and to give the amount thus saved toward the purchase of China life-saving stamps.

Refuse to Reconsider Parochial School Bill

The house by a vote of 41 to 32 refused to reconsider the vote by which it killed the Conway bill to give life certificates to teachers in parochial schools who pass the examination.

By a vote of 41 to 36 the house killed the Holly bill for the labeling of artificial substances used in wearing apparel. The offering for articles must state whether the goods are shoddy, reworked shoddy, cotton, silk or wool. Shoes must state whether artificial substances have been used. Assemblyman F. J. Peterson moved for the killing of the bill. Assemblyman E. H. Johnson, Frederic, said the measure was too drastic. The bill was killed.

The Delta Sigma Phi fraternity will give a spring formal dance at the Monona hotel tonight. Dr. and Mrs. L. Johnson are the chaperons. Out-of-town guests include Francis Bovington, Harry Clark, and William Lutheran of Chicago.

ED. WYNN CARNIVAL.

The Fuller theater offers one of the important bookings of the season Sunday and Monday in the opening of the Ed Wynn Carnival, which comes here fresh from Metropolitan triumphs. While the Ed Wynn Carnival (New York production) with Ed Wynn, "the perfect fool," was sent out last season, it was not until the performances in New York at the New Amsterdam theater in February, was it whipped into the proper shape to suit the inimitable Wynn and his manager, B. C. Whitney. Ed Wynn Carnival is claimed a new division in latter day entertainment. The book, lyrics and music are all by Ed Wynn. New Waybura (he of the Ziegfeld Follies fame) staged Ed's ideas.

Gallery Gods Cheer "Yip" and "BellsonFingers"

A peppy show that goes along with a sustained zip and bang throughout was the Century Mid-night Whirl at the Fuller opera house last night. The show will be on the boards at the Fuller for a matinee this afternoon and for another show tonight.

The show has a number of old stars who are favorites in Madison. They include Blanche Ring and her husband, Charlie Winninger, Richard Carle and Winona Winter.

Blanche Ring caught the hearts of those present when she responded to encores with her famous "Rings on Her Fingers" and "Yip-Yad-dy"—striking hits of the past lingo of musical comedy. Miss Ring still has her old time attractiveness and her same winning smile for the gallery gods.

That veteran clown of musical comedy, Richard Carle, cavorted and capered about in his old time manner. Carle seems none the worse for the wear and tear of a long stretch of buffoonery before the American public, and he kept the crowd roaring whenever he appeared last night.

Winona Winter, always given a hearty welcome in Madison, adds much to the show. Her ventriloquist stunt was a feature.

The show is a variety of little skits and miscellaneous nonsense and is a vehicle designed to afford the Misses Ring and Winter and Messrs. Carle and Winninger an opportunity to skip through their frolics and antics.

The chorus was composed of an unusual group of good women good to look at.

It is a show worth seeing, and a good way to taper off the week end.

FOREIGN CUSTOMS TO BE SHOWN AT CARNIVAL TONIGHT

An African Boer hunt, a Chinese play, an impersonation of a Mohammedan at prayer, a demonstration of Japanese ju-jitsu, and native dances by Filipinos and Danish students comprise the program of novel entertainment at Cosmopolitan Carnival to be held at Music hall tonight at 8 o'clock. All are invited to the carnival.

The participants in the carnival will be in costume. Native practices will be interestingly and accurately shown.

The International club, which includes among its 100 members students from India, China, Japan, Iceland, the Philippines, Germany, Norway, Sweden, and Africa, is giving the carnival.

Sheep Scab Puts In Appearance In State

The appearance of sheep scab in many of the bands of feeder sheep brought into Wisconsin from market centers has induced the live stock sanitary board of the Wisconsin department of agriculture to adopt a dipping regulation. The regulation which becomes effective May 1st, 1921, provides that: "No sheep shall be shipped or moved to points within the state of Wisconsin from any public stock or feeding yards, except for immediate slaughter, without first having been dipped, and covered by a certificate of inspection."

Influenza Not New

Epidemic in America

"The influenza epidemic of 1917-18 was the most serious catastrophe of infectious disease that the world has ever known in point of mortality," said Dr. Edwin Oakes Jordan of Chicago university in a lecture at the first public meeting of the Wisconsin branch of the American Society of Bacteriologists in the Biology building Friday night.

"An epidemic in 1173 is classified by some students as influenza, and the outbreak in 1510 is recognized as such. The first attack of influenza in the U. S. of which there is a

good record occurred in 1647. Since that time there have been five major and two minor recurrences."

JAMES BOLITHO OF MADISON MAKES GOOD IN COLONY

Had Very Little Money to Start

The story of Jim Bolitho and his family, formerly of Madison, now of Ladysmith, is one of the stories of human life and progress that gives men courage to better their conditions.

Bolitho worked for day wages here a year ago. He was dissatisfied even with high wages, because he could save nothing. He had a large family—seven children in all—and was barely able to feed and clothe them after paying his rent. Today, Bolitho has credit on the books of the National Land Colonizing Co. for \$967.55, all of which he made from wood sold off his land. Bolitho has two cows, two horses, 10 pigs, and 2 dozen chickens on a 50-acre tract of land. The house was on the 50 and he built his own barn. All this he has on top of making a living for himself and family—and the 8th little Bolitho has appeared on the scene since they landed in Rusk county.

Bolitho is 33, an enthusiastic hard worker, but did not have \$200 to his name a year ago today. At the present rate, he will be out of debt in four years.

Jim Bolitho has no patent on success—you can do the same on our Rusk county lands. J. S. Miller, 125 King St., Madison, Wis., will tell you how to secure a farm with house, barn, cow, tools and seed for small down payment and nothing for three years. Phone Badger 700, Evenings, Badger 6289.—Adv.

DEBATERS HIT CLOSED SHOP

Wisconsin and Northwestern Meet in No-decision Argument

The question of the closed shop, the 1921 football of contention between American labor and capital, was spiritedly reviewed by Wisconsin and Northwestern debate teams in a no-decision contest here last night at Music hall.

That the closed shop with an open union was the best agency to secure a just contract, to stabilize production, to ban child labor, and to protect the interests of the laborer, was the case of the Purple speakers.

"Closed unions tend to restrict production, to restrict membership, and to incite industrial conflict," it was pointed out by the Badger team. The solution for the problem was offered in the adoption of the open shop, with an open union, and in the establishment of shop-committees, a board of directors on which laborers should be represented, and collective bargaining.

Bergman, closer for the Wisconsin team, made a forceful speech that teemed with confidence and punch. Inman and Allin completed the arguments, both possessed excellent delivery and put across their points in a spirited manner. All speakers received favorable applause.

The Purple lineup was Donald Striker, William Warrington, and James Armstrong, closer. Armstrong made an excellent speech, exhibited creditable delivery, and won hearty applause. The other members, while having good delivery, were weak in arguments, and lacked the convincing punch of the Badger trio.

Prof. M. L. Wright, Northwestern university, was chairman. Following the debate, questions were asked by the audience. These were answered by the two teams.

THIS WOMAN'S EXPERIENCE

Brings a Ray of Hope to Childless Women

Lowell, Mass.—"I had anemia from the time I was sixteen years old and was very irregular. If I did any housecleaning or washing I would faint and have to be put to bed, my husband thinking every minute was my last. After reading your text-book for women I took Lydia E. Pinkham's Vegetable Compound and used the Sanative Wash, and have never felt better than I have the last two years. I can work, eat, sleep, and feel as strong as can be. Doctors told me I could never have children—I was too weak—but after taking Vegetable Compound it strengthened me so I gave birth to an eight pound boy. I was well all the time, did all my work up to the last day, and had a natural birth. Everybody who knew me was surprised, and when they ask me what made me strong I tell them Lydia E. Pinkham's Vegetable Compound. Use this testimonial at any time."—Mrs. ELIZABETH SMART, 142 W. Sixth St., Lowell, Mass.

This experience of Mrs. Smart is surely a strong recommendation for Lydia E. Pinkham's Vegetable Compound. It is only one of a great many similar cases.

Weekly Tobacco Report.
Movement of leaf from the farm to the warehouse continues in the southern tier of counties, and prices are extremely low. One crop was delivered at Stoughton during the week that sold for 8 and 3 and the highest figure paid anywhere seems to be around the 15 cent mark. There are very few shipments out of storage and warehouses are filled to the roof with 1920 goods. The effort to organize a state wide co-operative association is still going forward, but whether it will succeed this year is a question. In discussing the matter with farmers we find that dissatisfaction with former local efforts have caused them to hesitate in pledging their crops for a period of years. One-half of Wisconsin's yield is asked by the state marketing division and a long time is required to connect with so many growers. That feat-

ure of the association referring to borrowing money on warehouse receipts does not receive attention, it is unlikely that any bank would require security from men who are considered good financially. The main thing is whether it would assist the weed producer in disposing of his crop to better advantage. Tobacco is being sold at 19 and 20 cents in Pennsylvania, some lower grades at 16 cents and 10 cents. Warehouses are beginning to close for the season, though occasionally one will operate till late in the sum-

mer.
The tobacco crop in the U. S. for the past five years exceeded one billion pounds annually. Under normal conditions 400 million pounds is exported, besides large quantities of manufactured tobaccos. The manufactured tobacco output runs about as follows: Smoking tobacco, 240 million pounds; chewing, 186 million pounds; 33 million pounds snuff, 8 billion cigars and 35 billion cigarettes.

Selection 13 for Saturday STARS AND STRIPES FOREVER

By John Phillip Sousa
When American Music is spoken of abroad the name of John Phillip Sousa is always mentioned, for the spirited marches of the "March King" have traversed the globe, carrying with them a suggestion of the progress and energy of modern American life. Sousa was born in Washington, D. C. 1856. His father was Spanish and his mother German.

"The Stars and Stripes Forever" is undoubtedly the most famous of his compositions. Some of the people of Stoughton may know it as the high school song the "Purple and White". Both the melody and the rhythm of this selection seem to have been made especially to put "ginger" into athletic teams and will certainly refresh any tired mind or body at the end of a long days work.

You may hear this selection whistled by Alice Hale at the Badger theater tonight. It might be well to remind you that there are four marches on the Music Memory contest list. The wedding March and the Stars and Stripes Forever are well known. The Triumphal march from Aida and the Pomp and Circumstance march by Edward Elgar are two well worth adding to your repertoire.

Selection 14 for Sunday. Ave Maria, by Johann Sebastian Bach and Charles Gounod.

One of the most touching songs to Mary, Mother of Jesus, was made by Gounod when he intertwined a lovely melody with a prelude of Bach's which had been written a century and a half before. Robert Schumann says of Johann Sebastian Bach (1685-1750) that to him music owes almost as great a debt as a religion owes to its founder. He and Handel share the honors in forming the style of choral music today, but Bach is pre-eminent in the influence exerted on instrumental music. From him came directly the forces which gave us the piano as we now know it, and from him came the modern facility of playing.

Eric Jerdee was a Sunday visitor at Norris Klondland's. Mrs. Adolph Johnson returned home last week from Oconomowoc. Mr. and Mrs. Kaben Tellefson spent Sunday with his parents in Rockdale.

A large number of friends called on Nels Gylund, the shoemaker and had a very pleasant time. Nels Gylund and Tunis Timmorly delivered their tobacco at Stoughton last Wednesday, receiving the sum of 11c per pound.

Edgerton Items
Mr. and Mrs. C. S. Midtbon entertained the salesmanship class at a 6 o'clock dinner last Friday.

Mr. and Mrs. G. C. Slater and Mr. and Mrs. R. A. Lidicker and children of Beloit motored to Edgerton last Sunday and were guests at the home of Mr. and Mrs. Midtbon on Washington st.

August Ecklund of Rockford, who formerly lived in town of Albion, called in Edgerton Tuesday on matters of business. He says the shops he is working in are going right along, and that matters seem to be picking up.

W. A. Shelley, who since he left Edgerton a dozen years ago has been conducting a haberdashery establishment in the Wisconsin hotel building in Milwaukee, is conducting sales preparatory to retiring from active business. Mr. Shelley was one of the leading clothiers in Edgerton.

Miss Hattie Short, who has spent the last couple years in San Francisco, Cal., returned to her home in Edgerton last Sunday. She expects to remain at home during the summer.

"Stagging" is becoming quite the vogue at the University of Southern California. The men say the high cost of living and tuition prevents them from dating the fair ones, while the invariable comment of the women is—"They're pikers, that's all."

The Remarkable Jordan at Astounding New Price \$2250

A \$600 REDUCTION

GOOD management and good fortune has placed the Jordan Company in an enviable situation today. Inventories purchased on the old price basis have been liquidated. We are buying on the new basis now.

This makes possible a startling reduction in the price of Jordan cars immediately.

Thousands of people have always wanted Jordan cars. They have been waiting for the day when Jordan price leadership would be added to that leadership in style, light-weight, economy, power, comfort and service which has always characterized the Jordan.

This is their opportunity.

A startling reduction like this immediately raises the question as to whether Jordan quality has been maintained. You have our assurance that it has been improved.

Such is the obligation which goes with real leadership.

Again we list those factors which substantiate Jordan quality and explain Jordan service—which is the essence of success.

Jordan beauty has always been conceded. Leadership in body design is now unquestioned—it is a style that will last.

The best balanced car on the road—long, all chrome vanadium springs.

The smoothest, quietest, most economical performing six-cylinder motor.

The lightest car on the road for its wheel base—twenty-eight hundred pounds.

The only American car using a positive, non-rattling, self-adjusting, lubricated spring shackle.

All bodies aluminum—body frames white ash—no rumbles, ripples or rust—no better materials or workmanship obtainable.

Only Jordan owners know Jordan comfort—Marshall cushion springs and backs—position of wheel levers and tilt of cushions—the model of body designers.

Every mechanical unit used recognized as the best standard unit built in the world.

Cord tires were first made standard on the Jordan.

Jordan economy unquestioned. Twenty-seven Jordan cars in national run made 12,546 miles, averaging 24.1 miles per gallon.

Jordan cars have climbed all the famous hills in America on high gear.

Ask any Jordan owner or any shop mechanic about Jordan day-in-and-day-out service.

This car will appeal immediately to those who desire to exchange mediocre satisfaction for permanent service and pride of ownership.

This car will appeal at once to those who wish to exchange heavy, bulky, old-fashioned weight for economy with reliability.

Compare all motor car prices as of these dates—

September 1920 Former Jordan Prices	May 1921 Jordan Prices Today
\$2850—5-Pass. Silhouette	\$2250—5-Pass. Silhouette
\$2850—Playboy	\$2250—Playboy
\$3950—Brougham	\$3300—Brougham
\$3950—5-Pass. Sedan	\$3300—5-Pass. Sedan
\$3075—7-Pass. Silhouette	\$2475—7-Pass. Silhouette
\$4200—Custom Landaulet	\$3300—Custom Landaulet
\$4200—7-Pass. Sedan	\$3700—7-Pass. Sedan

Of course this astounding new price will create an avalanche of buyers far beyond our ability to satisfy.

NOTICE TO SUCCESSFUL DEALERS:—Regardless of where you are located there may be an opportunity for you with the Jordan. Why not write direct to the factory and find out?

Go To Church Tomorrow *THIS WEEK'S SERMON* Go To Church Tomorrow

THE CAPITAL TIMES is today inaugurating a Go To Church page.

The church today is the great hope of mankind. The great need of the world is the spirit of SERVICE and BROTHERLY LOVE.

The church affords the great instrument for the new era that is coming when man will be interested in what he can GIVE to the world rather than what he can GET out of the world.

The church is leading the way in getting men to think in terms of SERVICE rather than in terms of SELF.

A critic of the church was recently making the statement that the church had failed in its mission on earth. The man was not a church member himself. Whereupon a member of the church said:

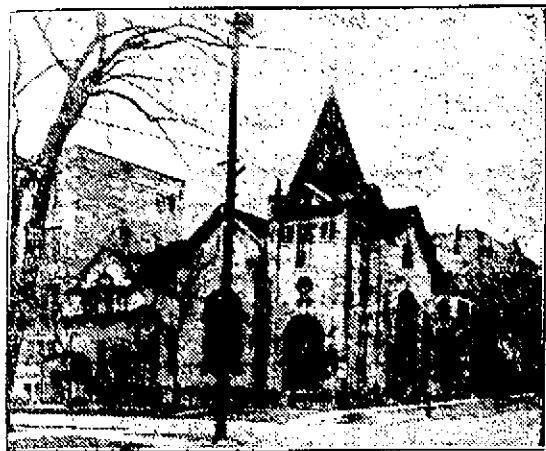

"Why do you criticize the church? Why do you not enlist in the work of the church yourself and do what you can to make the church a living force for humanity? You should be in the INSIDE working rather than on the OUTSIDE criticising."

Therefore, get into the church and do your bit to make this a better world.

The man who uses the Sabbath simply as a loafing day does not go back to his office on Monday a better man.

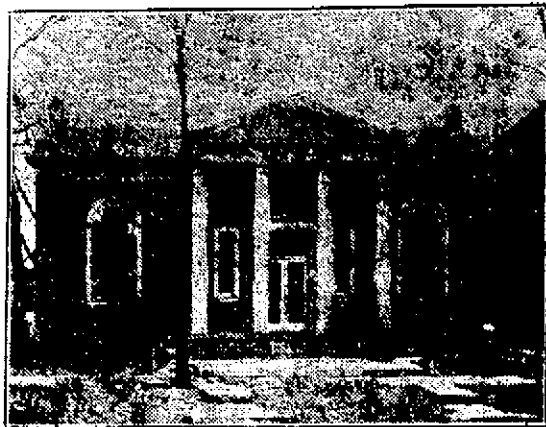

Go to church, hear God's word, get the cobwebs of earth brushed from your brain, and give yourself to Spiritual thoughts.

You will be surprised to find that you will return to your business Monday morning with a firm tread, a clear eye, a sure purpose.

Twice each week thereafter the Orpheum will offer its patrons the latest Pathe News Weekly.

BATHING BEAUTIES COMING.
 In keeping with promises made last August by the Orpheum management to present this season, all the big-time vaudeville acts possible, the management takes pride in stating that both Will Stanton and his Bathing Beauties will come to the Orpheum Monday, May 2, for a solid week's engagement. This company numbers fifteen and includes

MAX BLOOM

Coming to the Orpheum Monday Night in a Brand New and "Horseless" Skit—"A Tale of a Lonesome Spine".

besides the Bathing Beauties, the Browne Sisters, two of the prettiest and cleverest entertainers on the stage today. Mr. Browne offers the 1921 Revue a somewhat different vaudeville diversion and one which for scenery, costumes, music, dancing and songs will outshine anything seen here this year. With the exception of Singer's Midgents, Leona La Mar and Hope Eden, this is the only act appearing in Vaudeville which the management feels justified in booking for an entire seven day engagement in Madison. In addition, there will be four other

he result of the deep psychological insight of the author, Louis Joseph Vance, one of America's leading novelists. The climactic situation of the story is a scene wherein Beau Revel, a wealthy and fastidious social leader, is brought to account by his son, whom he has betrayed by having stolen the affections of the girl with whom the boy is in love, and then by the girl herself.

AT THE GRAND
 The four year old youngster who is creating so much favorable comment at the Grand in "The Woman in His House" is Robert Hedrick. This is his first appearance in pictures and he is a natural born actor. Bobby plays the part of a little boy who has been stricken with infantile paralysis, and his acting is one of the outstanding features of the attraction.

AT THE STRAND
 Wanda Hawley in "Her First Elopement" will be the attraction at the Strand theater Sunday to Tuesday.
 When love flew in at her window, peace and quiet rushed out of the door. She had always been cold to all her many suitors and now she was provoked to find herself falling in love with a strong-armed brute who had kidnapped her, under the impression that she was somebody else, and was now heading out to sea with her in his yacht. Was she mad? Oh, boy! Yet sort of glad, for she knew who he was, all right, one of the wealthiest and most eligible bachelors in the city. Still unless she could bribe the skipper to head for home she would be compromised, and no girl likes that. But she got even.
 Larry Semon in "The Sportsman" will be the added feature. Betty Compton in "Prisoners of Love" is being shown at the Strand for the last time today.

AT THE FULLER
 Richard Carle, Blanche Ring, Charles Winniger, Winona Winter and Jay Gould are coming together for a vaudeville attraction. Here, indeed, is a combination to draw folk to the theater. These widely known stars and famous fun-makers are all in the "Century Midnight Whirl" which John Henry Mears will present at the Fuller today.

Such a group is a sure guarantee of just about as much fun and merriment and laughter as could be crowded into a single theatrical performance. But the "Whirl" has others besides these eminent comedians. There are Maxson and Brown and the Bennett Twins whose dancing has delighted all who have seen it, and there are Virginia Birmingham, Grace Cronin and others in their songs and specialties. Also there is the famous "Millionaires' Chorus," the most celebrated organization of gifted and beautiful young women ever brought together. The "Century Midnight Whirl" is a roof show. It is a novelty. It is the first time an entertainment of this sort has ever been presented in regular theatrical hours. It is a revue with many added features of novelty. It was made for laughter and happiness and spirited fun. All who enjoy wit, humor, catchy music, pretty girls in fascinating dances, handsome costumes and a lot more will find every desire gratified in the "Whirl."

Irish Resolution

Now in Assembly

Senator Huber's resolution for freedom of Ireland will probably be considered in the house about next Wednesday. The resolution was given final concurrence in the senate Thursday by a vote of 23 to 5. A similar sentiment has been reflected in the assembly and it is believed that the resolution will go through that body. Petitions favoring the resolution have been received in the legislature principally from Milwaukee.

Victim of Explosion

Reported Much Better

The condition of Paul Bernard,

aged 19, son of Mr. and Mrs. William P. Bernard, who was seriously burned Friday afternoon, when a gas tank on the Forward, delivery boat, exploded, was reported improving Saturday morning at St. Mary's hospital. The fire started when Mr. Bernard was draining the gasoline tank on the boat.

MILWAUKEE, Wis. — John Sheridan, 30, had the shortest romance ever told in circuit court here. He returned from Waukegan with his bride, June 17, 1917. The next day she told him she was going down town to shop and he has never seen her since, according to his testimony. Judge Fairchild granted him a divorce.

Music Memory
Contest

Suggestions for Contestants.

No. 16. The Receptive Listener. Just as people in almost every walk of life can be divided into two classes according to the main traits in their character, so we can divide listeners into those who take in and those who give out. We all know the distinction between the students who expect everything to be done for them and those who accept responsibility and do things for themselves. The one says to his instructor: "Pour in knowledge. I am waiting." The other says, "I am going out to get knowledge and power for myself irrespective of what you do for me."

All persons who are following the Music Memory contest should know that listeners are divided into two classes; those who are receptive merely; and those who in addition to being receptive are also creative. The first kind is discussed today; tomorrow the second will be considered.

It is no small task to be the right kind of a receptive listener. It means the giving up of one's self entirely to the music, the saying to the composer and performer "Now I am ready for your message. You shall have my undivided attention until you have finished. During this time I shall not be thinking of today's worries or of tomorrow's possible troubles. I shall not be looking around the room to see who is here nor what new hats or clothes are in evidence. If my eyes are not under control and persist in wandering and distracting my attention, I will dare to brave the suspicions, jeers, and nudges of those around me and will close my eyes so that your message may come to me unimpeded. Moreover, I am willing to show you the same courtesy that I would to anyone who might be speaking to me. In other words, having by my presence indicated that you are to have a hearing, I will give you respectful attention unto the end. Even though I do not like everything that you say I will still maintain silence. I realize that I cannot get at the first hearing. I am willing to believe that when competent critics have told me that your music is classed among the great compositions of the world I should listen patiently and appreciatively with a view of finding the reason for their judgment. If I find that you have no message of beauty and inspiration for me, we will part company without bitterness."

The point of view indicated in this imaginary speech is not idle fancy. The audience at a concert are more than so many figureheads. There is an important place in the scheme of human relations for some one besides the producer, the inventor. The consumer is also necessary. It takes at least two people to carry on a conversation; one must talk and the other must listen. Frequently what is said is largely dependent upon the attitude of the listener. Johnson needed his Bowrell; the composer needs the receptive listener.

The man out in Wisconsin who was sentenced to ninety-nine years in the state penitentiary ought to get out just about in time to see the cost of living come down.

The
FRANKLIN

Couple correct principles with quality materials and workmanship, and you get the right results.

Any Franklin owner will assure you that more than economy is represented in these figures of performance:

20 miles to the gallon of gasoline
12,500 miles to the set of tires
50% slower yearly depreciation
(National Average)

They are the concrete expression of comfort and roadability. They signify freedom from tire troubles as well as from expense. They represent relief from cooling troubles and delays.

U. S. Steel Corporation Faces Federal Complaint

WASHINGTON—(By wire) that the U. S. Steel corporation controls the price of practically all steel in the country, the Federal Trade Commission by vote of 3 to 2, issued a formal complaint against the corporation and 11 subsidiary companies. The respondents are given until May 1 to answer the complaint and before the commission. The specific complaint is the so-called "Pittsburgh plus price" under which users of steel are required to pay the basic price at Pittsburgh plus the freight rate from that city to whatever plant at which they purchase the steel, irrespective of the cost of production.

MARKETS

WHEAT PRICES WEAKER TODAY

Allied Situation is Held
One Cause for Slump
in Market

CHICAGO—Uncertainty as to the situation on the threatened strike of American seamen, trade rumors that Germany's situation with the allies would keep that nation out of the export market and private crop records indicating generous crops combined to weaken the early wheat market today. May opened $\frac{1}{4}$ lower at 1.30 to $\frac{1}{4}$, rallied from this early break, then sank back to 1.30. July started $\frac{1}{4}$ to $\frac{1}{2}$ lower at 1.06 $\frac{1}{2}$ to $\frac{1}{4}$ and fluctuated around that figure. Trading was light.

General evening up of trades for over the week-end led to sharp rallies and the early declines were recovered. May closing $\frac{1}{4}$ to 1c net higher at 1.31 $\frac{1}{2}$ and July made a net advance of $\frac{1}{4}$ closing at 1.07 $\frac{1}{2}$ to 1.08.

Corn. Corn was influenced largely by free selling of the May option which started $\frac{1}{4}$ to $\frac{1}{2}$ lower at 56 $\frac{1}{2}$ to $\frac{1}{4}$. It was driven down to 55 $\frac{1}{2}$ before any support came out. July and September opened a fraction below yesterday's close but held that position fairly well in the face of the drive on May.

Corn firmed up toward the end on seaboard sales of 300,000 bushels and on selling of May and buying of July by some cash houses which were changing hedges. The close was $\frac{1}{4}$ to $\frac{1}{2}$ net higher with May 57 $\frac{1}{2}$ and July 60 $\frac{1}{2}$ to $\frac{1}{4}$.

Oats. Oats were generally neglected and few transactions were recorded. July began $\frac{1}{4}$ lower at 37 $\frac{1}{4}$ then settled to 36 $\frac{1}{2}$ and steadied at the latter figure.

STOCK MARKET IS IRREGULAR

Renewed Selling of Prominent
Oil Marks
Opening

NEW YORK—Renewed selling of the prominent oil and steel markets at the opening of Saturday's session. Mexican and Pan-American petroleum and crucible steel forfeited 1 to 1 $\frac{1}{4}$ points and several of the rails and shippings developed a reactionary trend. Within the first half hour however, most losses were recovered on the further rise of motors and their specialties, particularly the rubber tire group. Equipments and leathers also rose briskly on short covering. Private advices from London reporting improvement in the British labor situation counted for the further strength of exchange. Demand sterling was quoted at \$3.95 $\frac{1}{2}$ the highest quotation for this remittance since last July.

BEST MAKES OF CARS AT SHOW

Exposition May 10-14 to
Display Super-fine
Automobiles

Super-fine cars galore will be on exhibition at the Central Wisconsin Automotive exposition in the Four Lakes building May 10 to 14. Orders for space from manufacturers and mid-western dealers of high priced autos are pouring in to the show committee. Among those already booked are a 10,500 Stevens-Duryea, Packard, Locomobile, Mercer and Daniels, while the Rolls-Royce Co. is making every effort to send a \$22,000 closed car here from the east in time to exhibit. More than 150 spaces have been reserved and this figure is expected to pass the 175 mark before the first of next week.

Music will be plentiful during the exposition. In addition to a dance orchestra and a concert musical organization, at least two and possibly three out-of-town bands will be brought here during the five days of the show.

More than 1,000 complimentary tickets to out-of-town dealers will be mailed out this morning. The show will be open both afternoon and evening during the five days. The \$3,800 twelve-cylinder National touring car will be given away on the closing night. There will be dancing every evening.

PALTZ BROS. SHOOT IN 5-MEN LEAD; HOREMANS HERE

BOOSTERS SMASH 2,864 TOTAL TO CAPTURE FIRST PLACE

Old Kandy Kid Men Roll High Scores for the Winners; Lead Quinn Restaurants by Safe Margin

BOWLING SUNDAY
Sunday, April 24—1 p. m.
1. George's City Stars.
2. Olympic No. 2.
3. Hell Divers.

Hitting the maples at the Madison Alleys for the high score of 2,864, the Paltz Brothers' Boosters uncovered an unlooked for burst of speed which will undoubtedly drag down first place.

J. McCarl rolling 235, 213, and 221 led his team mates but George Paltz followed closely with 146, 200, and 233 and A. Schmitz was not far behind with 194, 180, and 167. These three men are old members of the Kandy Kid team which had a great reputation in the city in the past and their high scores with those of their team mates, J. Kehl and J. Kaeher practically assures them first place money in the awards.

Only three more five men teams are left to bowl off their games Sunday afternoon and the city tournament will be over for this season. The complete prize list will be announced by H. Smith Tuesday or Wednesday.

The Boosters were the only team to land in the leaders last night, the second high five being the Stoughton Badgers who spilled 2707. This score does not land them in the first five of the five men events.

High School Track Stars

Run Here Today

The Yellow and Black track men have their first competitive try-out of the season today when they stack up against the Stoughton and Wisconsin high school aggregations at Camp Randall, beginning at 9:30 this morning.

The Wisconsin high squad has been put through a stiff work out for the past 10 days and while little is known of the Stoughton boys the competition looks to be keen. Dependable have favored Madison, high who have had some fine coaching under Endres but only today's results will give a real idea of what may be expected of the Endres' squad.

All three teams have been making the best of the good weather preparing for the state interscholastic to be held here June 4th. Whether Madison and Wisconsin high will send teams to the Stag interscholastic May 28th and the Lawrence high school field meet the Saturday previous will largely depend on the showing they make today.

Would Limit Cost of Seats at Dempsey Fight

MILWAUKEE, Wis.—New Jersey will be expelled from the National Boxing association if its boxing commission permits Tex Rickard to charge \$5 for ringside seats at the Dempsey-Carpenter championship fight on July 2 it was announced last night by Walter Lingner, president of the National association. "One of the rules passed at the January organization meeting of the association in New Jersey was that \$15 would be the top price for any ring battle."

WHITE SOX TAKE CONTEST FROM INDIANS

Cubs Drop Third Straight to Pirates; Senators Tie Macks

CHICAGO, Ill.—Urban [Red] Faber almost attained the pinnacle of baseball fame Hurling what might be said to be the best game of his career, the tall gent from Cascade, Ia., turned back the world's champion Indians with two hits, thus enabling the White Sox to take out a 1 to 0 victory in the first of the series.

Cubs Drop Third

PITTSBURGH, Pa.—Still fighting their jinx unsuccessfully, the Cubs dropping their third, straight game, giving Pittsburgh a victory by the low score of 3 to 0.

Tigers Win Contest

DETROIT, Mich.—Sutherland pitched the Detroit Americans to 5 to 3 victory over St. Louis. The recruit hurler allowed only six hits, twice struck out George Sisler, the league's champion hitter last year, and gave no passes. Detroit hit Sutherland hard and gave Sutherland good support.

Macks 3; Senators 2

PHILADELPHIA — Philadelphia rallied in the ninth inning and tied Washington, 3 to 3, Umpire Connelly calling the game at the end of the tenth because of a combination of rain and darkness. Rain fell during most of the contest. Poor fielding by Welch helped Washington score its last two runs.

Reds Win by Vally

ST. LOUIS, Mo.—Sherdel weakened in the ninth and Cincinnati pounded out four runs, defeating St. Louis, 7 to 3. Horsby was presented with an automobile by local admirers at the beginning of the game.

ANGLER'S CLUB START PRACTICE IN CASTING

Sunday Schedule at Tenney Park; Club Wants New Members

A series of casting events for the summer season to be held at Tenney Park have been arranged by the Casting Club of the Four Lakes Gun and Rod Association. Ten o'clock Sunday morning is set as the opening date for the first try at casting at the marks. All fishermen in Madison that may be interested are considered members and are urged to turn out and join the group at their first meeting Sunday.

F. W. Hornung has been elected President of the Casters for the season. The club has close to forty members and hopes to swell this list with experts and embryos alike for this summer. Practices are held at the Tenney Park Lagoon every Monday, Wednesday, and Friday evening when the weather is pleasant. In the casting at targets contest each man will be allowed five tries and the men with the high average for the season will draw casting reel, and second and third place winners will be presented with rods.

Beginning Sunday the casting contest will be run every Sunday morning at 10 through Sunday, August 14th. Scoring will be done at each try at the high average for the season will determine the prize winners.

Anglers Leave For Trout Season Opening

With the angle worms all bleached and the fly box full of the favorites Madison anglers are leaving this afternoon for the trout streams of the county to be on deck for the early morning fishing when the ban is taken off the trout Sunday. Members of the Conservation commission and local experts claim that the opening day should prove a winner unless there are exceptional rains. The streams have cleared since the rains of last week and reports show them about down to their normal spring level which brings the best fishing.

When many are leaving by train the majority will trust to their machines and leave early tomorrow morning not to return until the sun

SAVING BABIES "SOCIALISM?"

"Not at all," replied the witness. "But good people may support vicious measures. Innocent people sometimes get a bug in the head. The woman suffrage idea was one."

"Many people become educated by setting up their personalities as little tin gods and then polishing them so that they made a good appearance," asserted James H. Murphy, manager of the Tilden farms at Delevan in a talk to the Saddle and Sirloin club Thursday.
